HOME AND ABROAD

A Record of Startling Local Occurrences.

Interesting Notes From Active Correspondents in Potter Valley and Laytonville—Society Doing in North Mendocino—All the News.

PHILO, May 13.—The farmers of our section have been very busy of late getting the spring planting done. Of course every Anderson valleyite knows the value of a good corn crop, which goes a long ways toward making our winter bacon, also for hominy.

Philo seems deserted. Every fellow that can run a pair of sheep shears has vamoused the place.

Thomas Tilden and wife departed for Gualala Friday. So far so good, but we wish that they had left Calvin Ruddock with us. Somebody will miss him, sure.

Ed Williams, a former resident of Philo, made us a short visit last week.

Burt Williams and John Holmes of Sonoma are running the shake mill de Maltman. They are sawing out some fine shakes this year.

Supervisor Rawles paid us a visit Sunday. Robert is a good officer, and is always attending to business.

Bark peeling began here last week. The price at the mill is $9 per cord. There is money in it at that.

Miss Carrie Garsey, our popular teacher, contemplates having an entertainment at the school house the 30th inst. A good time is expected.

Frank Ward's buggy horse got the best of him Saturday last. The result was that the new buggy he bought, not long since, is standing in front of M. Dutro's shop with two wheels smashed, dashboard gone and the top in a dilapidated condition. Never mind, Frank, there are lots more buggies where that one came from.

Mrs. Charles Sanders and Daisy Fraim paid Philo a visit Sunday.

Rev. Harry C. Richardson, our esteemed pastor, has returned from a two weeks' sojourn in Lake county.

Archie Layton of Ukiah has accepted a position as horseshoer in the Philo blacksmith shop. Arch understands the business to perfection.

Mrs. Mattie Oldham departed for Sonoma county Thursday last. She is always a welcome visitor at Philo.

The old Irish sawmill will soon be humming away under the supervision of Messrs Davis, Spalding and Palliday. Lumber is getting scarce in our country, and it will fill a long felt want.

Tom Ruddock, our local sport, hauled in eighty fine trout the other day.

G. W. Johnson, the local merchant, paid Cloverdale a visit Saturday, as did Frank Guntley and Albert Ruddock.

The frosts did much damage so the fruit this spring. We wont even have prunes and peaches enough to eat, so Anderson will have to depend on apples this year.

Mrs. G. W. Johnson left for San Francisco this morning. She expects to take in the reception given to President McKinley. UNCLE JOSH.

Potter Valley Items.

POTTER, May 15.—Corn planting has been finished here, and the needed force of men are now graveling the road from town to about a mile running west. This will add greatly to the need and improvement of the place.

For some time past the creamery question has been discussed here. A petition is now being circulated for starting a cooperative creamery. L. H. Shaw of this place is the one again agitating the question, and we hope to see his efforts crowned with success, as we can see no reason why a creamery could not be made profitable here as elsewhere.

J. M. Roberts, an enterprising merchant of this place, went last week to the metropolis. His trip will be one of business and pleasure, as he expects to purchase his stock of goods and remain in the city until after the presidential party arrives.

Mrs. Annie Slingerland of this place went last week to visit relatives in San Francisco. Mrs. Slingerland will return to this place for a short time before making an extended visit in the east. We understand the object of her return here before starting east is to see a century plant in bloom at her home. The plant has been growing twenty-eight years, and is a wonder to all those who have never seen one in bloom. The stem from which the buds and blooms are soon expected to appear has grown to the height of about 12 or 15 feet in a surprising short time and all are watching the plant for further development.

Mr. Stone, the miller at the Thornton flour mill, and who formerly started the mill here, has moved with his family to Ukiah. We hope he will return here in the near future, as he has given entire satisfaction as a miller.

Miss Pearl Hopper is visiting her sister, Mrs. Clyde Rippey of Hopland.

Dr. C. R. Basford is again in the valley doing dental work.

F. C. and J. W. Mosier of Willits passed through the valley last week en route for Willits.

Miss Blythe Lierly of Sanhedrim spent last week in Ukiah.

J. M. N. Haddick and wife of Coyote spent Saturday and Sunday last here.

Miss Alice Lamb, who has been visiting friends in San Francisco, has returned to her home, however, she expects to return to the city on the day of excursion.

W. S. Townsend and wife of Fort Bragg, who have been visiting relatives and friends for the past two weeks here and in Upperlake, started Monday last for their home.

A pleasant party was given last week at the home of George Jones and wife in honor of Miss Rosie Smith.

There was born to the wife of Russ Lamb on May 1st, a daughter, and on the same date a son was born to the wife of J. V. Ray.

The youngest child of J. D. Brower and wife died Saturday last and was interred here yesterday. The little one had suffered for some time, and was aged about three years. Although in that home a mighty void doth reign, death came as a sweet release to the little one, for the Master hath said, "Of such is the kingdom of heaven. VERA.

BANK WINS.

Judge Crump Decides in Favor of That Corporation.

He Holds That Under the Law as He Views It a Receiver Cannot be Appointed to Wind up the Affairs of the Bank of Mendocino.

On Tuesday last Judge Crump of Lake county rendered his final discision in the action of Annie Forsberg vs the Bank of Mendocino, and its directors are not to have a receiver appointed. The decision of the court is on the demurrer of the defendants, the bank and its directors, to the complaint in intervention, and by its decision the court sustains the demurrer of the defendants. The court holds that the directors are the proper persons to close the affairs of the bank unless removed for good cause, shown under the provisions of the bank commissioners act, and sustains the defendants contention that no receiver can be appointed for the corporation. It is understood that the intervenors will appeal to the supreme court. In the meanwhile the directors of the bank, under the advice of their attorneys, McNab & Hirsch, are rapidly disposing of the bank property and converting it into cash for the depositors. Within the past two weeks auction sales have been held at Cloverdale and Greenwood, which resulted in the sale of some of the largest ranches belonging to the bank.

The White Man's Burden

can be named in the single word—*dyspepsia*. It is the one disease, which more than any other, affects the American people. It is common to all classes and all conditions. It makes life miserable. It mars family happiness. It interferes with business and pleasure alike, and it discounts a man's usefulness just as much as it discounts his happiness.

There's a remedy for dyspepsia. Dr. Pierce's Golden Medical Discovery has lifted this burden from the bodies of hundreds of thousands. It cures ninety-eight out of every hundred who give it a fair and faithful trial.

"I used ten bottles of Dr. Pierce's Golden Medical Discovery and several vials of his 'Pleasant Pellets' a year ago this spring, and have had no trouble with indigestion since," writes Mr. W. T. Thompson, of Townsend, Broadwater Co., Montana. "Words fail to tell how thankful I am for the relief, as I had suffered so much and it seemed that the doctors could do me no good. I got down in weight to 125 pounds, and was not able to work at all. Now I weigh nearly 160 and can do a day's work on the farm. I have recommended your medicine to several, and shall always have a good word to say for Dr. Pierce and his medicines."

Free. Dr. Pierce's Medical Adviser is sent free on receipt of stamps to pay expense of mailing *only*. It contains 1008 pages and over 700 illustrations. Send 21 one-cent stamps for the book in paper covers, or 31 stamps for cloth binding to Dr. R. V. Pierce, Buffalo, N. Y.

TRICKS OF BARNSTORMERS.

How They Are Sometimes Compelled to Help One Another Out.

"One of the old slang phrases of the stage," said Muggles, who used to be a good actor, "was 'to pong.' This means, or used to mean, using your own language—that is, playing a part without cues of the proper lines, relying only upon a knowledge of the play to carry you through. Years ago on the road there used to be some highly ludicrous situations in consequence of a new play being produced in a hurry. The stage manager, however, had a wonderful genius for patching up a hitch. When circumstances were necessary, he would sometimes lower a front scene and tell the low comedian and chambermaid to go on and 'keep it up,' and while they did so he would arrange how the play had to be continued.

"Of course, actors are expected to help one another out of a difficulty, but at times old grudges were paid off. For instance, I remember on one occasion a letter had to be read in one scene. Unfortunately this letter could not be found, so a 'dummy'—that is, a blank sheet—was sent on the stage.

"'Say, dad,' said the actor who had to read the letter, seeing it blank, 'here's a letter for you. You had better read it yourself, as I am sure it contains good news.'

"But 'dad' tumbled to the occasion and replied: 'No, Tom, you read it. I've mislaid my spectacles.'

"'Bless me,' said Tom, 'it is written so badly I can't make out a word of it. Here, Nelly, you read it.'

"The unsuspecting Nelly takes the letter, and seeing it blank says: 'No, father had better read it. He will be able to make it out better. I'll go and fetch your spectacles. I know where they are.' And off she goes.

"The old man is again equal to the occasion and calls out to her: 'Never mind bringing them, Nelly. I'll come and get them.' Then he walked off and the stage manager had to rearrange the scene.

"Yes, sir; there's a lot in the theatrical business you outsiders never dream of."—New York Times.

She Declined.

Few American youths have careers made for them. Those who deplore this fact and shun the stings of self effort may find tonic in the reply of a western girl to an offer of marriage.

A young man of more book learning than force of character lost the young wife who had toiled to support him, returned to his native town for consolation and found it. Some months later she, too, passed away, and the sad youth soon appealed to a well known clergyman for assistance in finding a helpmate.

The minister introduced him to a western girl of health and energy, who the next day received a plaintive note from the widower. He declared that the Lord had made great inroads upon his marital affections, and it now seemed to be his will that she would repair the breaches of his life.

The reply, which the clergyman keeps today as one of the choicest specimens of a varied collection, reads simply:

"Mend your own breeches."—Youth's Companion.

Whistled as She Sang.

The man who knew many things was instructing the new and verdant stenographer as to the use of the various office appliances, and finally he introduced her to the speaking tube.

"Now, see," said the man, "you put one tube to your ear and the other to your mouth, then whistle."

"Into which one do I whistle?" asked the guileless stenographer.

"Heavens," cried the man, "which one do you suppose you whistle in, the one at your ear or the one at your mouth?"

"That was what I wanted to know," said the stenographer, "for I whistle as I sing, entirely by ear."—Memphis Scimitar.

Deserved Acquittal.

Little 3-year-old Minnie could repeat nursery rhymes and talk like an old woman. One day, having done something strictly against orders, her mother said, "Minnie, I really don't know what I had better do with you." Drawing a long breath of relief the little miss said, "I'm awful glad you don't, mamma," and marched off, taking it for granted that the matter was settled.—Chicago News.

A LETTER OF THANKS.

Portland, Or., Sept. 7, 1900.

Mr. O. F. Woodward—Dear Sir: For the past two years I have been troubled greatly with a redness of my skin, and a great number of pimples on my face. I tried almost everything under the sun to rid myself of these disorders, but nothing did me any good until I got a package of Lane's Tea. I have used it for two weeks steady, and my complexion is as clear as a mirror and my skin as white as snow.

A Word Explanatory.

The teachers beg the indulgence of the people respecting seats for the concert. As it is given as part of the city's entertainment to the teachers, of necessity many of the best seats must go to the teacher guests. For this reason the tickets have been placed at the low price of 50 cents, while they should be double the sum in consideration of the attractions offered. C. C.

For Farmers.

Advice.

"Young man," said Senator Sorghum, "if you want to succeed in politics never break your word."

"But are there not times when it is impossible to keep a promise?"

"To be sure. But you must make your arrangements so that you don't break the promise yourself. Put the blame on somebody else."—Washington Star.

No Trouble.

"I suppose," said the visitor, "it's like pulling teeth to get any money out of your husband these days?"

"Oh," chipped in little Tommy, before his mother could speak, "ma don't have any trouble pullin teeth. She just takes 'em out and puts 'em in a glass."—Philadelphia Record.

Request the Removal of Governor Dole.

The first territorial legislature of Hawaii, at the close of its existence, passed a concurrent resolution containing a memorial to President McKinley asking for the removal of Governor Dole. Dole is charged with having hindered the work of the session by his hostility toward the legislature, withholding information and reports that were called for, and refusing to co-operate with the lawmakers. The president is asked to use his influence in behalf of an extra session, which Dole refuses to grant.

The reason Governor Dole gave for not granting an extra session was that he had been reliably informed that bribery was taking place. Circuit Judge Humphreys will call a special grand jury to investigate the charges of bribery in the legislature.

The San Francisco savings banks show an increase of $500,000 within the past four months.

The will of the late President George Q. Cannon, who died in Monterey, Cal., last month, was filed for probate at Salt Lake. The will disposes of an estate approximating in value $1,000,000. All of the 32 children of President Cannon receive a share of the estate, and to his four wives are willed their homes, provision also being made for their maintenance. The remainder of the estate, valued at $800,000, and consisting of farm land and other property, passes into the possession of the George Q. Cannon association, of which President Cannon's children's and his nephew, John M. Cannon, are stockholders. This property is to be held in trust until the youngest child is 40 years of age. This will not be for 31 years.

Women as Well as Men Are Made Miserable by Kidney Trouble.

Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased.

Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of **Swamp-Root** is soon realized. It is sold by druggists, in fifty-cent and one dollar sizes. You may have a sample bottle by mail free, also pamphlet telling all about it, including many of the thousands of testimonial letters received from sufferers cured. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper.
